1. INTRODUCTION

This policy has been approved by the Board of Directors ("Board") of Tam Capital ("Company"). It represents an enforceable document relating to Company policies.

The Company's By-laws define the powers of the Board. The Board of the Company in turn delegates certain powers and authorities to the Chief Executive Officer (CEO). It is based on the principles of Accountability, Responsibility, Honesty, Trust and Integrity and ensures that adequate controls are in place for the proper authorization of all business transactions and to safeguard the assets of the organization against loss, through fraud, theft and/or improper use and to produce reliable financial records for internal use and external reporting. This policy describes how financial and non-financial delegation is managed, and the Matrix and Annexures are also an integral part of this document covering all areas of business authorities.

This document will serve the Company's purposes mentioned below and for internal use. The Company will be issuing and using separate Power of Attorneys, Board Resolutions and Delegation Letters as and when needed to be shared with external parties and financial institutions, to facilitate the work and business and to control the delegation and sub delegation processes.

The purpose of this policy is to:

- Define the various authorities granted to the Committees of the Board, the CEO, Management Committees as well as the senior management of Tam Capital who are responsible for the actions taken for exercising the delegated authority.

- Define the powers assigned to the above authorities.

- Specify the positions to whom the authority has been provided to approve a specific course of action.

- Explain, manage and document the sub delegation process from the Authorized Staff to the Delegated Staff; where the "Authorized Staff" refers to the person who has the Authority Level as per the approved Authority Matrix; and the "Delegated Staff" refers to the person who is being delegated with certain authorities either temporarily or permanently.

2. REFERENCE TO OTHER DOCUMENTS

The policy may be read in conjunction with following regulations and internal documents:

- Companies Law
- Company's By-laws
- Capital Market Institutions Regulations
- Other relevant documents

3. POLICY STATEMENTS

3.1. Levels of Authority

The following levels of authorities will be followed to introduce the maker/checker concept:

Authority	Description
Initiation	Applies to the authority that initiates a process/activity and prepares the relevant documents.
Review	Refers to the authority that exercises the power of recommendation in the specific event based on risk considerations and review.
Approval	Implies authority in specific events provided that the decision is in line with adopted policies, rules and regulations of the authority.

The Board and its Committees approve the policies and the execution is the responsibility of the Management led by the CEO. The Authorized Person who has the Approval Authority has the power to change the Initiation and Review Authority levels as per work needs.

3.2. Temporary Sub Delegation of Authority (In ABSENCE only)

As per the Delegation Matrix annexed to this policy, the delegable authority levels, mainly for review and approval authorities, should be delegated to a senior employee within the same department/team in the Company during the absence of the Authorized Staff as per the policy where applicable, to manage day to day and routine activities and to maintain the business continuity of the Company.

Any delegation of authority shall be in writing, as per a signed delegation template, and for a specific time and pre-specified tasks. Delegation template with determined period dates should be filled in and signed by the Authorized Staff and the Delegated Staff before the expected absence/vacation in sufficient time.

In case of the unexpected absence of an Authorized Staff, HR department along with CEO will arrange the replacement/successor to take over and proceed with the work with proper authority levels.

Decisions taken under temporary sub delegation authority shall not normally be reversed; unless it is proven that the employee exercising the authority either acted against the interest of the Company or misused authority.

Not all Authority Levels of the Authorized Staff are delegable in its nature; CEO approval is required for all Delegation templates.

3.3. Permanent Sub-Delegation of Authority

Authorized Staff are allowed to sub delegate some of their delegable authority levels, mainly for Review and Approval authorities, to the Delegated Staff during the Authorized Staff existence; this situation comes when the Authorized Staff would like to delegate some of his/her authority levels to one of his/her team member to have proper management of day to day and routine activities taking into consideration the skills and experience of the Delegated Staff.

Decisions taken under permanent sub delegation authority shall not normally be reversed; unless it is proven that the employee exercising the authority either acted against the interest of the Company or misused authority.

Delegation Template with determined period dates should be filled in and signed by the Authorized Staff and Delegated Staff before the implementation of such sub delegation.

Not all Authority Levels of the Authorized Staff are delegable in its nature; CEO approval is required for all delegation templates.

4. RESPONSIBILITY

The CEO shall be responsible for the implementation of all the authorities delegated to the Management with the support of the Head of HR, CFO and other senior executives.

Deviation from the requirements of this Authority Policy is not permitted without a written waiver, formally authorized and approved by the Company's Board.

4. AMENDMENT TO THE POLICY

This policy document will be reviewed and updated at least once every three years or as and when needed.
